Terms and Conditions for Mobile Banking

Thank you for using the Mobile Banking Services ("Services") and any related Software ("Software") provided by **Guaranty Bank** combined with your handheld's text messaging capabilities. By participating in the Services or using the Software, you are agreeing to the following terms and conditions, in addition to any terms and conditions to which you have previously agreed with respect to the underlying electronic banking and billpay services of which the Service is a part. Financial Institution in its discretion may modify these Terms and Conditions at any time. **Standard messaging charges apply.**

Terms and Conditions:

a. Program: Financial Institution offers their customers mobile access to their account information (e.g., for checking balances and last transactions) over the Short Message Service (SMS). Enrollment requires identification of the user's banking relationship with Financial Institution as well as providing a mobile phone number. The mobile phone number's verification is done by the user receiving an SMS message with a verification code which they will have to enter on the website. This program will be ongoing. Standard messaging charges apply. Customers will be allowed to opt out of this program at any time.

☒ **I accept these Terms and Conditions**

Enrollment / Activation

Select Services

Choose from a variety of mobile banking services. You can get basic account balance and transaction information, or receive full mobile banking capabilities that allow you to view account details, pay bills, transfer money, and more.

Please choose a service:

[Not sure? Click here to compare the services](#)

Downloadable Apps

Get a customized application for your device that provides an intuitive and rich user experience consisting of easy-to-navigate screens and menus. Receive all the benefits of mobile browser banking, enhanced by your device's unique features.

 **For your phone** [View screenshot](#)

On your device, open Google Play or the App Store and search for **TouchBanking**, or click either of the download images below. On your mobile? Click the appropriate icon to go directly to the store:

IMPORTANT! After you download the TouchBanking application, you will need to enter this App Code to activate it:

GuarantyBank

 

OR Send me the download link via text message to this number:

Other Services

Please select the services required and click continue to register.

☐ Mobile Browser (I'd like to receive a link to Browser Banking.)

 **Why Use Mobile Browser Banking?** [View screenshot](#)

Get full and extended mobile banking capabilities on your web-enabled device. Receive an optimal banking experience with a look and feel that is similar to PC-based online banking, in a site designed to fit neatly into your device's screen.

☐ Text Messaging (I'd like to use text banking services.)

 **Why Use Text Banking?** [View screenshot](#)

Send text commands (such as BAL) to your bank from your SMS-enabled phone to inquire about basic account balance and transaction history information. Receive text message responses directly to your phone.

☐ Alerts (I'd like to receive text alerts.)

 **Why Use Alert Banking?** [View screenshot](#)

Include text message alerts with your mobile banking service(s) to monitor your mobile banking accounts. Choose how and when you want to be notified of changes to account balances and personal information. (Select at least one other mobile banking service.)

Security of Mobiliti

- **Is Mobiliti secure?**
 - Mobile Money employs industry best practices with regards to security

Security Safeguards

- **Authentication**

- Mobile browser and application solution customers are authenticated for every interaction with any Mobiliti component.
- Customers are authenticated by username and password or by utilizing existing login credentials for single sign-on.

- **Encryption**

- 128-bit encryption is used for all transactions within Mobiliti.

- **Fraud**

- Mobiliti incorporates items like transaction validation and transaction reconciliation processes to detect fraud

- **Availability / Resilience**

- Mobiliti is protected against malicious attacks through software and server hardening measures.

- **Files and storage**

- All files and financial information is stored strictly within online banking and not on the mobile device.
-
